

MONTHLY REPORT

January 2024 – BCK160-B

Introduction

In this month of January 2024, our communication team was led Muhammed Najin and Adnan, I was a wonderful journey. We experienced a lot. And our trainers were Divya mam, Sam sir and Aneesha mam. So we did our job very well.

Students' improvement

If I am looking students improvement. They improved English communication than before most of them did public speaking. We implemented fine. Those who spoke Malayalam first week fine was 5

rupees. After one week we made it to ten. Actually the rule was found by Jaseem our senior coordinator, it was implemented by Shafeeq our last month coordinator he implemented the rule

Very strictly. The rule was easy for us to implement and collect fines. We got around 800 rupees from fine last month it was 1350 rupees, so we see the difference everyone is speaking in English.

As a coordinator our improvement

If we are looking for our improvement. We improved a lot, and we hosted a public speaking session also we think it is a good improvement for us.

Debate

We conducted three or four debate we conducted it as formal debate. Earlier debates days were like Fighting day, we made it as formal debate. Everyone participated and they made their points.

Speaking sessions

Speaking sessions were like everyone speak. They speak two minutes while speaking if they made any mistake, we would correct it. Round 10 day we conducted speaking task.

Feedback sessions

Beginning of the month feedback sessions conducted with our batch members. Every domain will be a group. After Sam sir comes, each domain from third floor will be a group. It is very helpful and

Majority of the students were not using that because almost every student from third floor is same week we want sessions with seniors.

Role play
